Enamel Cast Iron 珐琅铸铁锅：静工之级

Our pots are crafted from high-quality pig iron, with no heavy-metal residues or non-hygienic chemical compounds.
Each cast body is intensively ground to a precise shape and a smooth finish.
Using French enamel technology, a high-adhesion black ground coat is fired at 800°C.
A bonding layer is then sprayed and fired again at 800°C as a pre-enamel coat.
Every piece is inspected before the final enamel. Only selected bodies enter the kiln for the last 800°C firing, producing a vivid. durable surface.
We stand among the leading enamel cast-iron brands - and work to be the best.

精选优质生铁铸造，杜绝重金属残留及非环保化学物质。每件锅体历经精细打磨，确保完美器型与丝滑触感。

法国珐琅工艺，三重炼制:采用高附着力黑釉基底，经800℃高温烧制，成就超强耐用表面；再喷涂结合层并经800℃烧制，形成珐琅预涂层
每件产品均通过严苛质检，唯有臻品方能进入最终800℃窑烧，焕发绚丽珐琅光泽。
我们自信跻身顶级珐琅铸铁品牌之列。
